Campfire Tales

LET'S TELL A STORY!

Get ready by finding...

PAPER, SOMETHING TO WRITE WITH, AND SOMETHING TO DECORATE WITH.

Where does your story take place? Who are the characters in your story? What happens to the characters in your story? Remember stories are told with a beginning, middle, and an end.

Fold a piece of paper in half like a card. Write your story inside and decorate the front.

After you write your story down, TELL IT. Tell everyone in the house and even let them add to it!

If you love using your imagination and creating stories, there are tons of jobs where you get to do that!

Screenwriter: Writes scripts for movies, tv, commercials and even video games! They create the storyline, the characters, and the dialogue (what the characters say to one another).

Film StoryBoard Artist: Draws out the idea of the script! They plan out what things will look like before the movie's team goes to film it. There are storyboard artists for animated films too!

Performer: Performers of any kind, whether it be a musician, stage actor, tv or movie actor, or dancer all help to tell stories!
