

OAKWOOD ARTS ACTIVITY KIT!

Each week Oakwood Arts will work with a local artist to create daily art prompts to help fuel your creativity, and share about cool careers in the arts! Students from all around Richmond will receive these fun prompts, and you can share what you have created with your community by posting and tagging your amazing artwork on Instagram!

MEET THIS WEEK'S ARTIST: SAM PAGE!

Hello from elsewhere! My name is Sam Page and I'm an artist and the Instructor in Residence at Oakwood Arts. I'm so happy to share some of my own art practices with you and I hope you use these prompts to explore, practice and just have fun! From all of us at Oakwood Arts, know that you are smart, creative and you are not alone!

WHAT KIND OF ART DO YOU MAKE, SAM?

Well... That's a hard question. I do a lot of different kinds of art! My favorites are:

- **Printmaking:** I use wood and linocut blocks to make my own original prints.
- **Comics:** That's right, I make comics (and you will too with this kit!) I use them to talk about myself, tell funny stories and even improve my reading skills!
- **Fiber arts:** That means things like quilting, embroidery, and weaving.

So as you can see, I don't limit myself to just one form of art! I explore and I hope you will too!
